Wean-To-Finish Drinker

Top Gate Bracket

The VAL-CO
Swinger Nipple Drinker

VALCO®

Performance You Can Count On

www.val-co.com

Less Waste, More Pig.

Stainless Steel Hog Cup Drinkers

The Stainless Steel Hog Cup Drinking System from VAL-CO® will provide just the right amount of water, reducing spillage by as much as 40%. The Drinking Cup protects the Hog Nipple and allows a small amount of water to attract the pigs to drink more. Models are available from Nursery to Wean to Finish Cup.

- 304 grade SS cup, pipe, nipples & fasteners
- 48" & 36" SS pipe with 1" off-set bend
- Welded oversize pipe thread, eliminates leaks caused by crushed pipes
- Sanitary, non-seamed cup edges allow complete cleaning
- Top gate bracket fits round or angle
- Safe for all pigs; no sharp edges

Nursery Drinker

Our mounting bracket
holds the drinker securely in place.

Swinger Nipple Drinkers

A great, cost-effective option for providing the water your finisher pigs need, the VAL-CO Swinger Nipple Drinkers have an offset pipe, keeping strain off the water supply hose, and are easy to adjust for proper height. Unlike other swinger nipple drinkers, ours is made of all stainless steel construction providing more durability as well as providing the longevity you need.

Part Number	Type of Drinker	Pig Size in Pounds (lbs.)	Pigs Per Bowl	Mounting Height (in.)
RDWF-KIT-R	Cup, Wean-To-Finish	13 - 275	15-25	4.75" *to cup bottom*
